# Democratic Outrage.

From The Quincy (111.)Whige Feb. 23.

Yesterday, a respectable German citizent of La Grange, Mn., Mr. Frederick Schalthere is such a specious charm in the name ler, (a brother-in-law of Mr. H. Dashbach of this city) who has resided in La Grange for the last twelve years, was brought to very outrage-the recital of which is enough to make the blood of any man who has a soul, boil in his veins We called upon Mr. Schaller and obtained the state. ment which we publish below. We saw the evidence of the terrible treatment he had undergone, heard the stosy of the affair as given by him, and could not help believing every word of his statement. He is a respectable and intelligent man, and his plain and simple account of the dastardly outrage was, we venture to say, implicitly credited by the hundreds of our citizens who called at Mr. Dasbach's vesterday.

Mr. Schaller has always voted the Demperatic ticket, and we are assured by German citizens of Quincy, that in his visits to this city, he has defended the institution as it existed in Missouri. That he is innocent of the charge of assisting negroes to escape

as he insists-we have no doubt. We trust that our German cittzens, especially those who have been in the labit of voting the Democratic ticket, will posder well this flagitious outrage, and then determine whether they can continue to vote Dean, Hyman Burgess, Ambrose Burgess, with a party whose cardinal principle is the spread and extension of that institution. which is the parent of such damnable and

brutal lawlessness. STATEMENT OF MR SCHALLER. I have been a resident of Missouri fer time in Palmyra and part of the time in Lagrange. In the latter place I have proprty. I have never meddled with slaves or Slavery, and have always been a Democrat-Late last Fall, or early in the Winter, I heard that ten slaves had run off; I knew nothing about it till I heard of it, and do not recollect of ever having seen them. I could therefore not have aided their escape. Nobody in Lagrange ever suspected me of tampering with slaves till last Sunday, I went on that day to Canton to invite some friends to a party that was to take place last Tuesday. On my arrival there, I was waited upon by three persons, Jim Ring, Josh Owens, and Bill Webster, who informed me of my being under suspicion of having aided the escape of a slave of Mr .---Harris, and would have to return with Occrseer of poor, John Perkins. 1st Con-stable, Frederic Crain. 2nd do.
